- a. **PLN-MAR-22-00008: DF LEXINGTON PROPERTIES II, LLC** – a petition for a zone map amendment from a Neighborhood Business (B-1) zone to a Highway Service Business (B-3) zone, for 1.90 net (2.78 gross) acres, for property at 3440, 3450 and 3454 Richmond Road.

COMPREHENSIVE PLAN AND PROPOSED USE

The 2018 Comprehensive Plan, Imagine Lexington, seeks to provide flexible yet focused planning guidance to ensure equitable development of our community's resources and infrastructure that enhances our quality of life, and fosters regional planning and economic development. This will be accomplished while protecting the environment, promoting successful, accessible neighborhoods, and preserving the unique Bluegrass landscape that has made Lexington-Fayette County the Horse Capital of the World.

The petitioner proposes the rezoning of the subject properties to the Highway Service (B-3) zone to allow the redevelopment of the properties for the expansion of the Don Franklin Auto center and to construct a new vehicle showroom, sales offices and auto maintenance facility.

The Zoning Committee Recommended: **Postponement**, for the reasons provided by staff.

The Staff Recommends: **Postponement**, for the following reasons:

1. The zone change application should describe in greater detail how they meet the Goals, Objectives and Policies, specifically those regarding the environmental sustainability of the site and the proposed improvements to multi-modal connectivity.
 2. The zone change application for the subject property, as proposed, does not completely address the development criteria for a zone change within the Corridor Place-Type, and the Medium Density Non-Residential / Mixed-Use Development Type. The following criteria require further discussion by the applicant to address compliance with the Comprehensive Plan:
 - a. A-DS5-3 Building orientation should maximize connections with the surrounding area and create a pedestrian-friendly atmosphere.
 - b. B-SU11-1: Green infrastructure should be implemented in new development. (E-GR3)
 - c. C-PS10-3 Over-parking of new developments should be avoided. (B-SU5)
 - d. D-CO2-2 Development should create and/or expand a safe, connected multi-modal transportation network that satisfies all users' needs, including those with disabilities.
 - e. B-PR7-2: Trees should be incorporated into development plans, prioritize grouping of trees to increase survivability.
 - f. B-PR7-3 Developments should improve the tree canopy.
 - g. B-RE1-1 Developments should incorporate street trees to create a walkable streetscape
- b. **PLN-MJDP-22-00028: COLLINS & ORRELL PROPERTY (DF LEXINGTON) (07/31/22)*** - located at 3440, 3450, AND 3454 RICHMOND ROAD, LEXINGTON, KY.
Council District 7
Project Contact: EA Partners, PLC

Note: The purpose of this plan is to depict redevelopment of the subject property with a 35,000 square foot automobile sales dealership and display lot, in support of the requested zone change from a Neighborhood Business (B-1) zone to a Highway Service Business (B-3) zone.

The Subdivision Committee and Staff Recommended: **Approval**, subject to the following conditions:

1. Provided the Urban County Council rezones the property B-3; otherwise, any Commission action of approval is null and void.
2. Urban County Engineer's acceptance of drainage, storm and sanitary sewers, and floodplain information.
3. Urban County Traffic Engineer's approval of parking, circulation, access, and street cross-sections.
4. Urban Forester's approval of tree inventory map.

* - Denotes date by which Commission must either approve or disapprove request, unless agreed to a longer time by the applicant.

5. Greenspace Planner's approval of the treatment of greenways and greenspace.
6. Department of Environmental Quality's approval of environmentally sensitive areas.
7. Denote: No building permits shall be issued unless and until a final development plan is approved by the Planning Commission.
8. Division of Fire, Water Control Office's approval of the locations of fire hydrants, fire department connections and fire service features
9. United States Postal Service Office's approval of kiosk locations or easement.
10. Revise 4-foot proposed sidewalk to 6-foot in width.
11. Resolve access to property at the rear of the subject property.
12. Resolve ability to meet tree canopy requirements.
13. Resolve display area.
14. Resolve ability to meet Richmond Road Landscape Ordinance adjacent to right-of-way.
15. Resolve potential impact of State Highway Improvement Project.
16. Discuss Placebuilder criteria.

C. PUBLIC HEARINGS ON ZONING ORDINANCE TEXT AMENDMENTS

1. **PLN-ZOTA-22-00001: AMENDMENT TO ARTICLE 17: SIGNAGE REGULATIONS TO ALLOW A DIGITAL MARQUEE (ELECTRONIC MESSAGE DISPLAY)** – petition for a Zoning Ordinance text amendment to Article 17: Signage Regulations to allow digital (electronic message display) marquee signs in the Lexington Center Business (B-2B) Zone.

INITIATED BY: Big Picture Ventures, LLC

PROPOSED TEXT: Copies are available from the staff.

The Zoning Committee Recommended: **Postponement.**

The Staff Recommends: **Approval of the staff alternative text**, for the following reasons:

1. The proposed staff alternative text amendment allows for the expansion of the use of electronic message display systems within the Lexington Center Business (B-2B) zone to allow an increase in signage opportunity, while also complementing the surrounding land use and can help promote the surrounding attractions.
2. The proposed staff alternative text amendment provides greater limitations that prevent the creation of influences adverse or would negatively impact the overall health, safety, and welfare of the Lexington community and visitors to the Urban County.

This is a continuation of a public hearing from the Planning Commission meeting held on April 28, 2022.

2. **PLN-ZOTS-22-00009: AMENDMENT TO ARTICLE 8-20 TO PERMIT BANQUET FACILITIES IN THE HIGHWAY SERVICE BUSINESS (B-3) ZONE** – a petition for a Zoning Ordinance text amendment to allow banquet facilities as a principal permitted use in the Highway Service Business (B-3) zone.

INITIATED BY: Cervantes and Associates, LLC

PROPOSED TEXT: Copies are available from the staff.

The Zoning Committee Recommended: **Approval.**

The Staff Recommends: **Approval**, for the following reason:

1. The proposed text amendment to allow Banquet Facilities within the Highway Services Business (B-3) zone meets the 2018 Comprehensive Plan objective of providing entertainment and other quality of life opportunities to attract young and culturally diverse professionals and a work force of all ages and talents to Lexington.
2. The proposed use is already permitted to operate as an accessory use to numerous principally permitted Highway Services Business (B-3) uses.
3. At a larger scale, Banquet Facility are in line with the character of the Highway Services Business zone and are of a similar intensity of use.

VI. COMMISSION ITEMS - The Chair will announce that any item a Commission member would like to present will be heard at this time.

- a. **PLN-MAR-22-00007: HOUSING PARTNERSHIP, INC.** – a petition for a zone map amendment from an Agricultural Urban (A-U) zone to a High Density Apartment (R-4) zone, for 9.37 net (9.67 gross) acres, for property at 1240 Armstrong Mill Road.

- c. **PFR 2022-5: FAYETTE COUNTY PUBLIC SCHOOLS, LAFAYETTE HIGH SCHOOL SOFTBALL FIELD HOUSE & DUGOUTS** – a Public Facility Review to construct a new field house and dugouts; and to expand a parking area.

* - Denotes date by which Commission must either approve or disapprove request, unless agreed to a longer time by the applicant.

VII. **STAFF ITEMS** – The staff will report at the meeting.

LONG RANGE PLANNING ACTIVITY REPORT

Imagine Lexington

During the month of May, Long-Range Planning staff continued to move forward with a number of implementation items related to the 2018 Comprehensive Plan.

Staff continued discussion on the upcoming update to *Imagine Lexington* which will be finalized in 2023. Public outreach officially concluded with the release of a draft Public Input Report presented to the Planning Commission on May 19th. This report included information from the On the Table initiative, the Organizational Input meetings with civic groups, and a summary of discussions at the Commerce Lexington roundtable events. The Planning Commission will use this Report as a basis for future decisions on the Comprehensive Plan.

Imagine Lexington Website & Social Media

Staff continued with maintenance and updates to imaginelexington.com.

Staff has continued to expand the site's project pages that feature information related to the various Zoning Ordinance Text Amendments and Subdivision Regulation Amendments, which have been set in motion by the recommendations within *Imagine Lexington*.

Staff also continues to maintain the Imagine Lexington Facebook, Twitter, and Instagram social media accounts. In addition, staff has been keeping in touch with our public audience through the use of Mail Chimp, a tool allowing for the creation and distribution of email campaigns to an audience of subscribers.

Zoning Ordinance Text Amendments (ZOTAs) and Subdivision Regulation Amendments (SRAs)

As part of the implementation of the 2018 Comprehensive Plan, the Planning staff has undertaken a division-wide effort to draft and initiate a series of text amendments.

Text amendments that are currently in various stages of the process include: Two-Family Residential (R-2); open space (Article 20); Multi-Family Design Standards (multiple locations); parking (Article 16 and other locations); complete streets (multiple locations); agritourism (multiple locations); home occupations; curbside management; traffic impact study; floodplain; and intent statement revisions for multiple articles.

Accessory Dwelling Units

Since the ordinance was passed in late October, Staff has met with about 13 applicants for the required pre-application and feasibility meetings for planned Accessory Dwelling Units.

Imagine New Circle Road

This corridor study will be the second to emerge from *Imagine Lexington*, with the first being the *Imagine Nicholasville Road* corridor study finalized in 2021. This study will focus on the signalized portion of New Circle road that spans from Richmond Road to Winchester Road. Challenges along this corridor include: lack of safety, heavy congestion, and disconnected land uses. In May, planning staff worked with the consultants on public engagement of neighborhoods and local businesses through social media, in-person meetings, and online survey.

Planning Commission Work Session

May Planning Commission work session took place on May 19, 2022 where long-range planning staff presented a draft Public Input Report to the Commission in preparation for future conversations on recommended Goals & Objectives.

General Work Activities

Using GIS and census data, staff created maps and data sets for the Urban County Council, other LFUCG departments, and agencies and officials outside the government.

Staff also continued participation in review of zoning applications and development plans.

ZONING COMPLIANCE PLANNING ACTIVITY REPORT

Zoning Enforcement/Compliance

In May, 2022, thirty (30) new cases were initiated, with the majority, fifty-seven percent (57%), of those being reports of businesses operating in residential areas. Complaints of residents having more yard sales than allowed by the Zoning Ordinance were also plentiful in May; at thirteen percent (13%). This is the case most years during the spring and summer months. Forty (40) complaints were resolved in May, meaning that necessary actions were taken by the property owner or occupant to correct a zoning compliance problem.

Annual inspections were completed on twenty-one (21) properties with conditional uses during May. All were determined to be either under construction, in substantial compliance with conditions imposed by the Board of Adjustment, or conditions have been permanently satisfied, requiring no further inspections.

Board of Adjustment

Eight (8) applications were considered by the Board of Adjustment in May of 2022. Four (4) of the applications were requests for variances, and four (4) were applications for conditional use permits. The Board voted to approve all four (4) variance requests based on staff's recommendation.
